

Invitations

Let's get this party started!

You want your guests to know that this party is going to be bigger, better, and more fabulous than any other birthday they've ever seen, so kicking it off with a plain boring free printable party invitation is *not* going to cut it. Think about it, your invitations make the first impression on your guests. So let your friends know you mean business with a professionally made sweet 16 invitations by Calling Cards Unlimited.

The invitation is more than just a simple save the date, or announcement, it's a message that broadcasts the fun to be had! This is the first opportunity for your theme and color scheme, to be revealed! Do it with finesse as the sweet sixteen stationary should reflect the guest of honor's personality and taste.

No Party Crashers Here!

Your party invitation may also serve as a ticket for entry into your party. After all, not everyone can attend such a killer party, and to avoid party crashers, have your guests bring the invitation to show they're on the list. As always, the invites should match your sweet sixteen theme of choice.

A license for fun!

Announce your party with style and flair with custom printed party invites. For a cheeky themed invitation, why not order custom drivers license invitations? Or for your VIP's opt for rockin' backstage pass invitations. A fairy tale Cinderella inspired party is deserves a beautiful lace invitation fit for a princess!

Why order professionally?

You might think wedding invitations are the only kind of invitations that should be made professionally. But when you consider costs of special paper, calligraphy kits, glue, extra decorations, jewels and ribbons, ordering your invitations from a reputable stationer, like Calling Cards Unlimited, may actually end up being more cost effective!
